

Amendments to the Specification:

Page 6, lines 12-17, please substitute the following lines:

--The actual characteristics of the texture employed may be quite varied and are a matter of design choice and suitability to the application. The particulars of surface texture are well established and discussed at length in "Surface-Texture Designation, Production, and Control," Marks' Standard Handbook for Mechanical Engineers, 9th ed., 1987, pages 13-75 through 13-81, incorporated by reference herein.--
